Dear Sir/Madam,

Hope this letter finds you well. I would like to take this opportunity to introduce myself as a professional in the web development and analytics domain. I am graduating in June 2021 from the ADCET, pursuing a Bachelor's in Technology in Computer Science with an excellent academic record. I am looking for full-time permanent positions with an esteemed organization that allows me to employ my abilities to meet company vision and mission.

My curriculum consists of courses like, Database System Design, Advanced Web Development, Data Structures, Internet of Things, Computer Organizations, Cyber Security, Big Data Analytics, and Design Thinking has assisted me to gain profound knowledge in the field of Computer Science.

Adapting to various work cultures, identifying bottlenecks, and prioritizing have been the striking features of my working style. In addition to the above, I strongly believe in learning and sharing my knowledge with colleagues. Moreover, I stand to the point that an organization or team can grow with all players working together. I am keen on learning and adapting new technologies to sharpen my skills at troubleshooting and solving problems.

I am confident that my background and knowledge in the Computer Science area along with my strong technical skills and work ethics will prove an important and immediate value to your organization.

I have enclosed my resume and would appreciate an opportunity to talk with you. Should you have any further concerns or questions, please feel free to contact me. I look forward to hearing from you soon.

Cordially,  
Ravikumar Lubdhi
